Gene and I did an initial screen of the candidates today. Based on those discussions, I'm asking that you interview the candidates listed below (they are listed in no specific order). Hopefully you can talk to them Mon.-Wed. of next week. I'll set up a time for us to talk on Thursday so that we can make decisions. I'll forward their resumes via separate emails. Please let me know if you have any questions or would like to discuss. Thanks.

FOLLOW UP WITH LINDA TRAVERS Fw: Qualifications for Project Manager for FSMP

Maryann and Josh, thanks in advance for chatting with Linda Travers in efforts to locate an EPA Project Manager for FSMP. Dave Burkholder has listed key technical qualifications for the position. I would add

that we are looking for someone who would like to be reassigned to OCFO or go on a long-term detail to support FSMP development through the launch.

I am also working with Heidi Gross to review existing PDs. Looks like Dave's PD would work (GS-2210-15, IT Specialist).

Let me know if you need anything else. Thanks again, --Kathy

FSMP Meeting Schedule

Kathy and Heidi:

I have reviewed the FSMP meeting schedule that you sent and believe that I will be able to attend for the afternoon of May 14, all day May 20 and May 28. I've also put the June 1, 2 and 4 meetings on my calendar as I'll be with you full time beginning on June 1. Should I arrange for an orientation in advance of the first meeting this week so that I can follow the conversation? Perhaps we can discuss this briefly tomorrow at the staff meeting.

I assume you will want me to move to another office near you during the detail. Have you begun making arrangements for this office and for phone and computer connections? At the end of next week, I'd like to move some items to the space, as I'm planning to be on annual leave most of the following week (May 25-29). Let me know if I need to do anything on this end.

Carol and Alice:

Per our Mgt Check-In meeting on 6/8, we committed to putting together an email for Maryann Froehlich, Acting CFO, to announce the approval of the Baseline ACS.

Here is a draft of the language for the email and the two attachments (Baseline ACS & Description Book) that should go along with it. We had hoped to get this out last week but it didn't happen. We are aiming to have this approved and ready for Maryann's return later this week.

Please let me know if you are alright with this or have any edits you'd like (or you can do them directly and send it back to me).

Joanne: I don't see anything in Melajo's comments that would result in a pricing change. The dates should be adjusted to reflect the replanning dates where known. The welcomhome and functional areas comments are really small issues and are not worth chasing.

Dave: You agreed to run the date changes by Harvey (or desgnee) to get a verbal ok to the change to keep this moving. Please take this action now.

I'm happy to discuss this if you disagree with my conclusions.

I've just been handed the signed PR with Maryann's signature. Sandra has agreed to stick around (it's her short day) to process the Mod. This would mean that Sandra will be letting the mod today.

Dave,

Attached is the draft response to the reporting and data warehouse guestions that Lisa has raised. As Lisa only passed a collection of statements, we tried to pull out the relevant ones to respond to. Hopefully, we captured the important ones. Your thoughts and comments are appreciated before we deliver a final.

Let us know if/when you would like to discuss. Based on how I hear you are feeling, forgive us if we prefer to be in a separate room. Hope you are feeling better.

Thanks!

Heidi, add to our list, Dave B. as lead, with input from OTS managers. Only OTS topics agreed to for ARA meeting in June. No OTS attendance needed.

Let's discuss at next OTS management meeting, along with topics for ASA steering committee (June 4) and CGI/EPA executive check-in (June 11). Thanks.

Kathy,

At this time Josh is interested in giving the update at the ARA meeting. Could you please send me FSMP update talking points for Maryann and Josh by Friday, June 5?

Thank you

Subject: ARA Meeting

Kathy,

Do you have time on Monday to discuss the ARA meeting topics you suggested?

OTS's topics were FSMP Update, Executive Management Dashboard, Time and Attendance Issues, and Budget formulation. The initial reaction was that Time and Attendance and Budget Formulation were not ready for discussion with the ARAs. Would/should the Executive Dashboard discussion be part of the ARRA Stewardship Plan discussion? Regarding the FSMP Update: what do we need from the ARAs on this subject? Overall Maryann is hoping to move away from updates and towards more discussions during the ARA meetings.

I am out of the office tomorrow but will be in the office on Monday. Please let me know what time works best for you.

Thank you
